Typography Hierarchy Test

This section demonstrates the **full typography hierarchy** with all heading levels.

Level 3 Heading (H3)
This is regular body text with *italic emphasis* and **bold emphasis**.

Level 4 Heading (H4)
Level 4 headings are uppercase with letter spacing.

Level 5 Heading (H5)
Level 5 headings are smaller and more subtle.

Lists and Formatting

Unordered list:
- First item with regular text
- Second item with **bold text**
- Third item with *italic text*

Ordered list:
1. Primary point
2. Secondary point
3. Tertiary point

BOX I.1: CASE STUDY - AI IMPLEMENTATION

Real-World Example

This box demonstrates a **highlighted callout** with special formatting.

Box callouts are perfect for:
- Case studies
- Examples
- Side notes
- Important warnings

The content can include *all standard markdown* including **bold**, *italic*, and lists.

```
## Continuation After Box

This section appears after the box callout and demonstrates how content flows naturally.

> This is a blockquote with special styling and left border.

The design maintains consistency throughout the document.
```

BOX I.2: DATA VISUALIZATION IN REPORTS

### Chart Integration

Boxes can also contain charts and visualizations.
